

WOOD LOOK

# Treverkmore

MARAZZI

A close-up photograph of a floor made of wood-look tiles. The tiles are arranged in a herringbone pattern and feature a natural wood grain texture with varying shades of brown. In the bottom-left corner, several colorful bowls are partially visible, including a bright orange one, a white one, and a yellow one.

# Treverkmor

Treverkmor is the outcome of an inspired combination: the elegance of wood and the simplicity of stoneware. 5 colours, to give life to naturally welcoming moods, in a collection that gains individuality from its high degree of shade variation and rich surface patterning

# Legenda

## Destinazioni d'uso

**D**  
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

**E**  
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

**F**  
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

**G**  
Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

**H**  
Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

## Variazioni cromatiche

**V0**  
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour

**V1**  
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run

**V2**  
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

**V3**  
Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material

**V4**  
Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
