

FLOORS 20 MM

# Mystone Silverstone20

MARAZZI

# Mystone Silverstone20

Mystone Silverstone20 reinterprets sandstone in a 20mm thick version designed for outdoor architecture. Available in Nero, Beige and Antracite in the 60x60 cm size, it combines aesthetic balance and technical strength. The structured surface ensures excellent slip resistance and durability, making it ideal for terraces, walkways and contemporary outdoor areas. Its natural, understated look provides visual continuity with interiors for harmonious, cohesive design projects.

# Legenda

## Destinazioni d'uso

**D**  
Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

**E**  
Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

**F**  
Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

**G**  
Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

**H**  
Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

## Variazioni cromatiche

**V0**  
Monochromatic - V0: tiles of the same shade are very uniform, in just one colour

**V1**  
Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run

**V2**  
Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

**V3**  
Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material

**V4**  
Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
