CONCRETE LOOK

Slow 14mm

With the new Slow 14 mm porcelain stoneware collection, the cement look finds new application potential in high-traffic areas, including public buildings, large retail spaces, and commercial contexts. Three colors - the warm Pomice and the two cool Cemento and Cromo - are offered in the 60x60 size with a natural R9 surface and a 14 mm thickness. A soft aesthetic simulates hand-beaten earth, deliberately irregular and crossed by small imperfections, for a versatile collection that combines aesthetic sophistication and excellent technical performance, with the guarantee of extraordinary resistance to intense and prolonged stress.
